COLLECTION

ICONIC MASTERPIECE
MAKING SPACES ICONIC

Imagine a world where surfaces defy the impossible. Technology constantly overcomes new challenges to create exceptional, globally recognized products. Motivated by the value of innovation, Virgo began its journey 33 years ago, and the rest is history. Over these three decades of corporate excellence, Virgo Laminates has continually innovated in technology, raw materials, processes, and techniques to achieve world-class standards and set new industry benchmarks.

As a global leader in decorative laminates and surface solutions, the organisation has a strong presence in over 90 countries across five continents. Focussed on manufacturing superior products, the organisation serves as a global manufacturing hub with an annual production capacity of over 3500 million sq ft of HPL.

At Virgo, we don't just meet our customer’s expectations; we strive to exceed them every time. Our dedicated workforce of over 2,000 employees is trained to achieve this goal, and many more will be joining the Virgo family. Our modern production unit offers numerous products catering to the global market, all aimed at ensuring 100% customer satisfaction.

Virgo's remarkable expansion isn't limited to vertical growth as a global decorative laminate leader, but it also extends laterally into interior architectural products and aluminum. This demonstrates Virgo's commitment to innovation and exploration for our stakeholders and partners.

Deeply rooted in the Indian values of **"Vasudhaiva Kutumbakam,"** we believe that the world is one. Inspired by this, Virgo prioritizes the community and the environment, placing strong emphasis on overall sustainability. These values are central to all our new product developments, including raw materials, processes, and technology. Sustainable development is the way forward at Virgo.

scan to explore our range

Virgoism redefines laminates as an emotion. It is about expressing one's true individuality. It is a concept that embraces design as an experience of emotion.

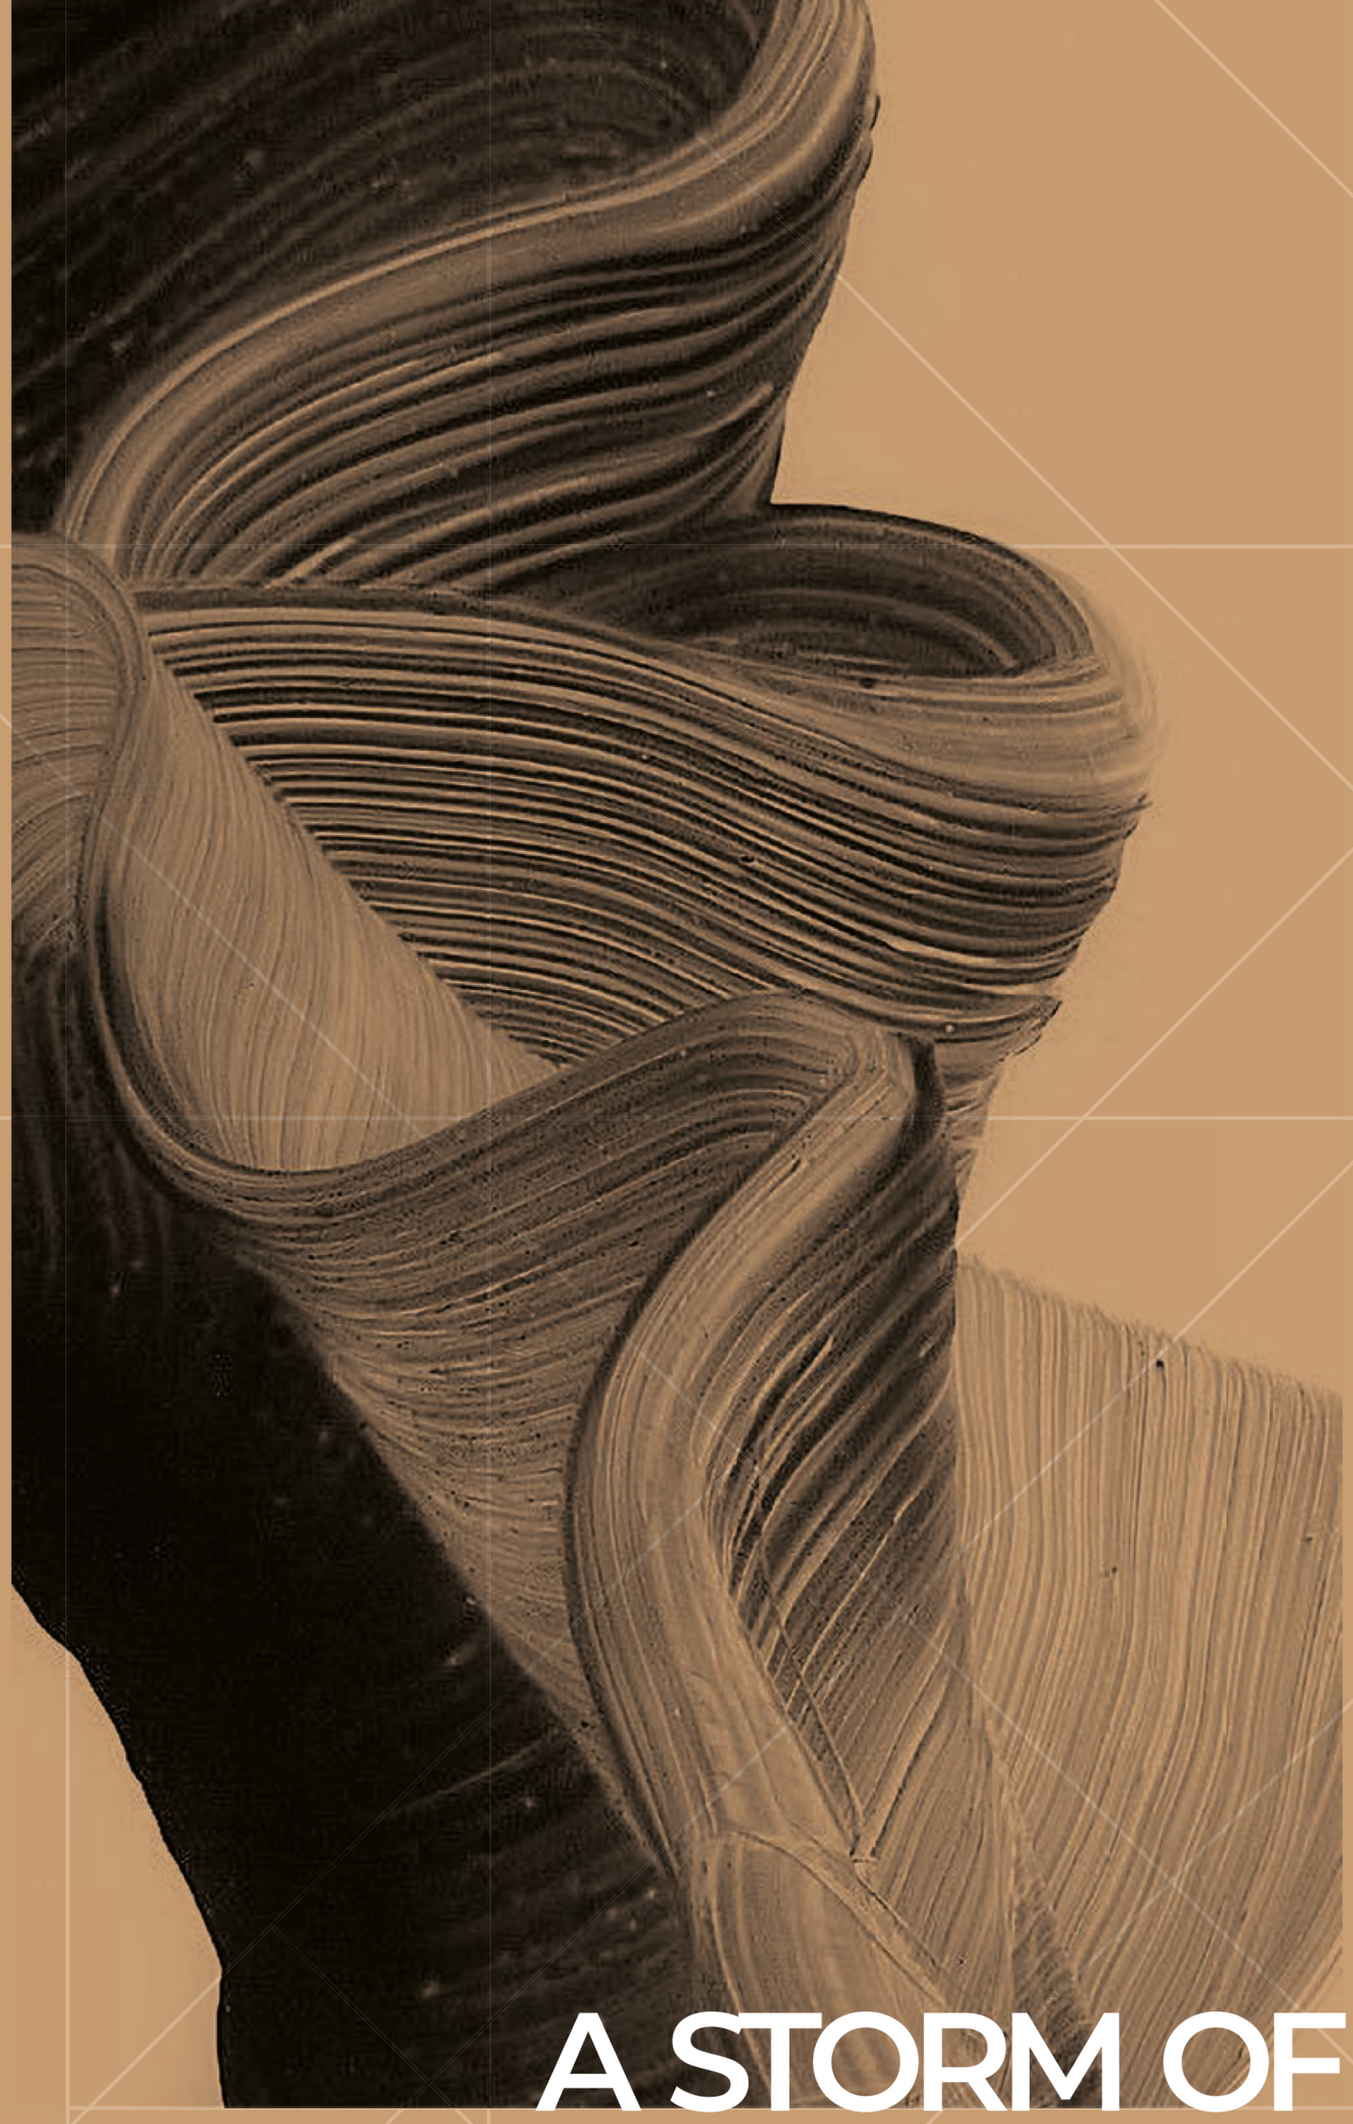
VIRGO®
LAMINATES

EXPERIENCE THE MAGIC OF AESTHETIC CHARM

From a terrain of ecstatic and elegant designs creating an environment of inventive nuances be the one who chooses an aura of eminence and creates a legacy of great aesthetics.

VIRGO®

LAMINATES



Textures are like weather, deeply personal and powerfully felt. They can calm like a drizzle, thrill like thunder, or stir memories like a sudden breeze. n design, textures don’t just set the scene, they shift the mood. Because a texture isn’t just seen. It’s felt, Just like weather.

A STORM OF INNOVATION

SPECIALITY LAMINATES

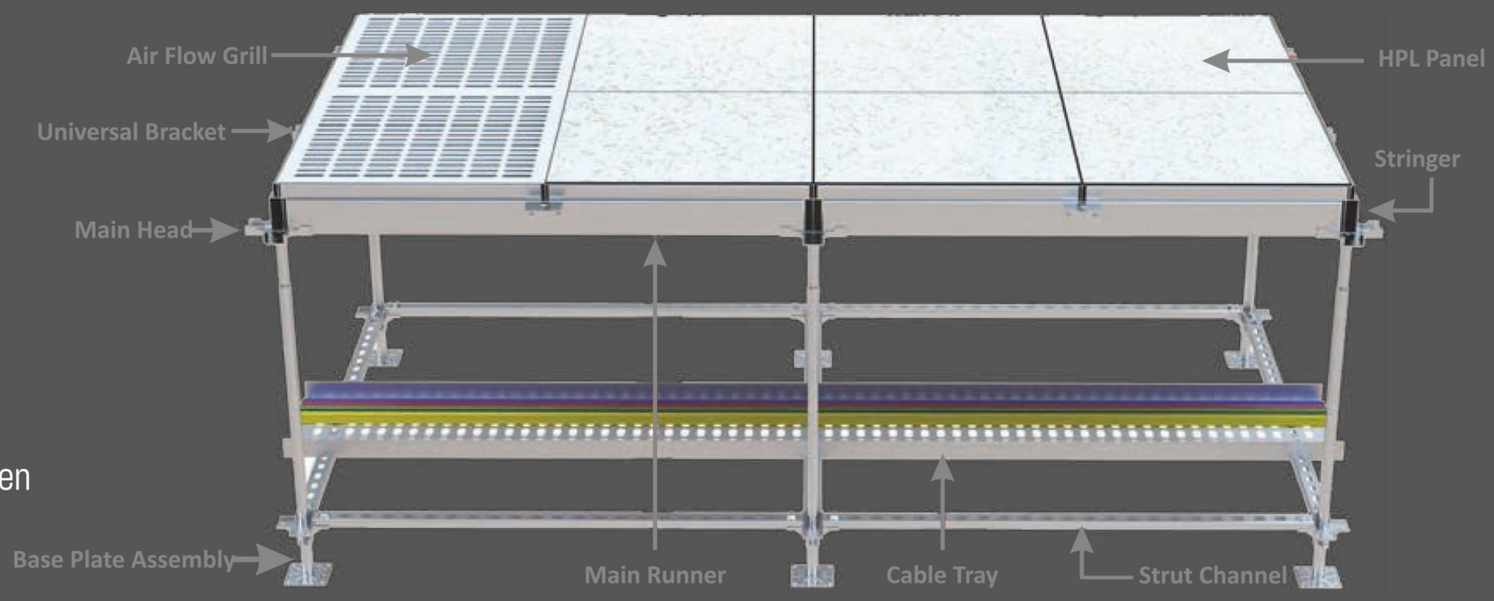
Speciality Laminates | VIRGO AccessFloor



En12825

Virgo's Access flooring meets EN12825, with fire rating class 1-A when tested according to ASTM E-84

Virgo also produces HPL for access flooring in 0.9mm thickness and dimension of 610 x 610mm, meeting grade AC5 or AC6 standards.

Access floor is also called raised flooring. A raised floor is an elevated flooring above the original floor which creates a hidden void between the two floors that is used for the passage of mechanical or electrical services. This type of floor is a modular system where panels can be easily uncovered/covered for organisational and technical changes, without skilled manpower or specialised equipment.

Speciality Laminates | VIRGO Slipless

SLIP RESISTANCE HPL FLOOR (SLIPLESS)

The anti-skid texture on the surface is dense and neatly arranged. This texture will not be damaged by heavy object squeezing or scratching by sharp object. Virgo offers a 10 year service life guarantee of the HPL sheet. This is a very durable product having very high wear resistant >2500 cycles

The floor slip resistance is tested using the “R” rating - R9 (least Slip resistant) to R13 (most slip resistant)
Test Standard EN 16165
Virgo test result:
Slip resistance of floor surface (shod ramp test) – ramp test angle: 28°, Slip resistance: class R12

THE BEAUTY OF ARTISTIC STRUCTURES

EFFORTLESS SOPHISTICATION

TableAu offers a wide range of platter of designs, from contemporary to classic, catering to a diverse audience. These platters are aesthetically pleasing and come with stain and moisture-resistant, anti-fungal, and anti-bacterial properties. They are the top choice for designers for both indoor and outdoor spaces, surpassing every expectation.

STATE-OF-THE-ART DESIGN

TableAu's designs elevate the aesthetic appeal of every surface with a touch of authenticity, from rustic woods to contemporary stones. The interplay of design texture and light, combined with ideal thickness, ensures a seamless blend with tactile counterparts. TableAu offers meticulously crafted designs in shapes ranging from rectangle to oval, complementing any worktop.

VALUE FOR TIME AND MONEY

Gone are the days of complex assembly processes for tabletops. TableAu's ready-to-install designs are not only easy to set up but also easy to maintain due to their abrasion-resistant quality. These worktops seamlessly blends form and functionality, adding sophistication to your interiors or workspaces.

EMBRACE YOUR SPACE'S STYLE !

POST-FORMING LAMINATES

Post-forming laminates are used for applications, where a rolled edge is desirable. The rolled edge eliminates seams and produces a smooth, attractive appearance to the finished assembly. Typical use of post-forming laminates includes counter tops, cabinet doors, drawer fronts and desktops. Virgo Laminates is making the post-forming laminates with premium quality and extraordinary designs.

- Impact Resistant
- Dimensional Stability
- Abrasion Resistant
- 100% Natural & Recyclable
- Bending Strength
- Colour Stability
- Liquid Repellent Surface
- Easy to Clean

ELEGANT, FLEXIBLE AND AFFORDABLE

The difference between traditional laminates and post forming laminates lies in the details. You heard that right! They’re essentially the same product; however, on a deeper glance, you’ll see how the two terms are confusing to be used in the same sentence. Post forming laminates are different because of the way they are formed. They’re essentially flexible in nature both metaphorically and literally. They’re flexible as they are allowed to go through a specific degree of bending during the manufacturing process.

Radius : R-3* Onwards

Thickness : 0.50 mm Onwards

Safe

Ensure maximum protection from heat, fire, contact with food and scratches.

Resistant

Guarding your application towards food stains, frost, and water (rings).

Hygienic

Achieve optimally clean application, at no extra care or minimal maintenance.

Sustainable

Made with ecological processes and eco conscious materials, the products are a greener choice.

Speciality Laminates | Spotless

Spotless Laminate is a true blend of aesthetics and functionality. With its fingerprint-resistant surface, soft finish, and anti-bacterial properties, it stands out as the ideal choice for those who value both beauty and practicality in their decor. Designed with seamless aesthetics in mind, Virgo Spotless Laminates & Compact Boards feature no visible edge delivering a flawless finish in every application. Utilizing innovative technology, Spotless Laminate ensures that whether in residential or commercial spaces, it maintains a pristine appearance while preserving the integrity of your design. Choose Spotless Laminate for a lasting impression and unmatched quality.

Synchronous

Surface meticulous crafted to replicate the appearance and texture of wood veneer with unparalleled realism. It's finely synchronized texture renders its virtually indistinguishable from genuine wood surfaces. The design and pattern of Synchronous closely resembles the natural grain and feel of wood, offering a tactile experience that is highly desirable. This makes it durable, affordable, and easy to maintain; Synchronous is an excellent choice for various applications where the aesthetic appeal of wood is desired, while benefiting from the durability, affordability, and ease of maintenance that Synchronous offers. Be it furniture, cabinetry, or other interior design elements, Synchronous seamlessly provides a convincing wood-like appearance.

Advantages

- Maintains a clean and pristine appearance over time.
- Withstands high temperatures without compromising quality.
- Ensures durability against physical wear and tear.

Shiny+

Shiny+ series encompasses laminates characterised by a resilient high-gloss surface that demonstrates exceptional resistance to micro-scratches and abrasions, thereby preventing mar and scuff marks. Mar resistance denotes the surface's ability to endure permanent deformation and micro-scratches resulting from dynamic mechanical forces. The unparalleled combination of a highly reflective surface and exceptional resistance gives rise to an easy to maintain laminates leaving no concern for damage

Advantages

- Retaining its appearance and functionality.
- High gloss finish, enhancing the visual appeal of any space.
- Facilitates easy cleaning and maintenance by preventing stains.

Application Areas

- Office Furniture · Kitchens · Reception/Retail Spaces
- Restaurant/Bars area · Wardrobe · Wall Panel/Display Shelves

LABSHIELD

Chemical Resistant HPL & Compacts

Virgo's LabShield is equipped with advanced technology that ensures surfaces remain resilient against chemical corrosion, surpassing the laminates of traditional materials such as epoxy, slate and stainless steel.

The protective prowess of Virgo's LabShield is maintained through EBC (Electron Beam Curing) technology, making it capable of withstanding exposure to chemicals, solvents and bases. It is ideal for resisting stains from a wide array of substances, including general-purpose chemicals, biomedical reagents, biological spills and waste, petrochemical products, food items, edible oils, beverages and dairy products.

Virgo LabShield meets **SEFA 3-2020** recommended testing standards and offer a robust, economical solution for environment requiring high chemical resistant - ensuring safety and convenience.

FEATURES

- **HIGH STAIN RESISTANT**
- **HIGHLY CHEMICAL RESISTANT**
- **HIGH SCRATCH RESISTANT**
- ANTI-**BACTERIAL**
- **HIGH DRY HEAT RESISTANT**
- **HIGH ABRASION RESISTANT**

Why Sparkle Laminates?

Align your desired vision with the output by choosing from a range of laminates available. Sparkle glossy laminates make a perfect pick to add style to your residential and commercial modern spaces. Additionally, it is because of their fab light-reflecting properties, gloss laminates help add depth to less spacial rooms. This ultimately makes any room look spacious.

VIRGO'S HIGH GLOSS MAGNETIC BOARD

Magnetic marker board has been developed to meet special needs that ensure smooth writing and an easy "DRY ERASE". Always use xylene free markers (camlin, artline, pilot, etc). Magnetic marker board is available in thicknesses 1.0 to 1.20mm backed with a foil of the highest grade to ensure even magnetism across the surface of the laminate sheet. With the Virgo magnetic marker board, it is possible to hold all magnetic accessories on the board - markers, arrows, high-lights, place sheets, and notices with magnet buttons.

Virgo magnetic marker board meet the EN standard (vertical application) with superior impact and abrasion resistance and also meet greenguard indoor quality (EN 15804). They have no emission of harmful fumes and are infused with anti-bacterial & anti-fungal properties.

Virgo magnetic marker board have endless usage - schools & universities, board rooms, meeting & conference rooms, Offices, libraries, restaurants, Dr. chamber, etc. wherever there is a need for professional presentations.

*Speciality Products are supplied against confirmed orders, subject to applicable MOQ and standard production and delivery timelines.

Advantages

- Cost effective chalk boards
- High-contrast surface for clear visibility
- Smooth, consistent surface for seamless writing
- Easy erase: quick cleaning for both dry & wet marks

ELECTROSTATIC DISSIPATIVE LAMINATES

We have introduced the Electrostatic Dissipative Laminates with the primary goal of effectively dissipating charges and repelling dust particles. The top layer of these laminates exhibits static charge dissipative properties, that surpasses its competitors in the market. Including a special conductive layer ensures the secure discharge of static charges when appropriately grounded. This feature aids in minimizing potential damage to sensitive internal circuits and can contribute to a rough 30% increase in the productivity of electrical devices.

THE CLOUDS IN MOTION

Patterns, like clouds, move with rhythm and purpose.They repeat, evolve, and shift - bringing structure with a sense of motion.Whether soft and fluid or bold and defined, patterns create harmony across a space.

VIBRANT

THE RUSH OF SPRING

Spring brings energy, freshness, and renewal - just like textured solids.Bold in color, rich in feel, these surfaces add depth without distraction.Crafted for refined spaces that speak softly but leave a lasting impression.

THE FORCE OF THUNDERCLOUDS

As bold as thunderclouds and built for impact. Virgo's 6' Compact Range delivers strength, scale, and striking presence. Engineered for high-performance spaces like retail, airports, malls, offices, and healthcare—where durability meets design without compromise.

CERTIFICATIONS

ABIOTIC

Safe and Healthy Living alongside VIRGO Products this revolutionary development retards the growth of common bacteria, making Virgo products ideal for laboratories, kindergartens, offices, and domestic environments.

GREENGUARD GOLD

This certification ensures that VIRGO products meet stricter criteria, making them suitable for schools, daycares, and healthcare facilities, where children spend significant periods.

CE

VIRGO products have been awarded CE certification confirming their compliance with essential European health, safety, and environmental protection legislation by many Product Directives. This marking assures the government officials that the products can be legally placed in the market.

FSC®

VIRGO's products are available as FSC® certified, ensuring that we are promoting responsible forestry. We are working for a sustainable and greener future environment. The FSC® certification is a benchmark for a traceable, responsible supply chain and Virgo is complying with all the requirements. All products manufactured by the company are available as FSC® certified products (certificate code- SCS-COC-010114) on request.

GREEN LABEL

042-057-3032

Environmentally Improved
Low Emission Low Toxicity

MyHIJAU

SGBC 4-Tick

EN 438-2

VIRGO products are tested under BS EN 438 - 2 to ensure dimensional stability and performance standards for resistance to boiling water, moisture, impact, scratches, and stains.

EN 1186 & EN 13130

VIRGO's HPL & Compact are tested and certified as per EN 1186 & EN 13130. Suitable for direct and indirect Food Contact as pr EU regulations.

TECHNICAL SPECIFICATIONS

S. No.	Properties	Test Method	Attributes of Performance	Unit of Measurement	Results (As per EN 438-3)
			EN -438 Laminate Classification		HGS / VGS
1	SURFACE QUALITY				
1.1	Surface quality	EN 438-2:2016 (Clause -4)	Spots, dirt and similar surface defects	mm^2/m^2	≤ 1
			Fibres, hairs and scratches	mm/m^2	≤ 10
2	DIMENSIONAL PROPERTIES				
2.1	Thickness	EN 438-2:2016 (Clause -5)	Thickness tolerance	mm mm	0.5≤T<1 : ±0.1 1≤T<2 : ±0.15
2.2	Size	EN 438-2:2016 (Clause -6)	Length and width	mm	+ 10 / - 0
2.3	Straightness of edges	EN 438-2:2016 (Clause -7)	Straightness of edges	mm/m	≤ 1.5
2.4	Squareness	EN 438-2:2016 (Clause -8)	Squareness	mm/m	≤ 1.5
2.5	Flatness	EN 438-2:2016 (Clause -9)	Flatness (measured on full-size sheet)	mm/m	60
3	PHYSICAL PROPERTIES				
3.1	Resistance to surface wear	EN 438-2:2016 (Clause -10)	Wear Resistance - Initial Point	Revolutions	≥ 150 (HGS) / ≥ 50 (VGS)
3.2	Resistance to immersion in boiling water	EN 438-2:2016 (Clause 12)	Appearance - Gloss Finish	Rating	≥ 3
			Appearance - Other Finishes	Rating	≥ 4
3.3	Resistance to water vapour	EN 438-2:2016 (Clause -14)	Appearance - Gloss Finish	Rating	≥ 3
			Appearance - Other Finishes	Rating	≥ 4
3.4	Resistance to dry heat (160°C)	EN 438-2:2016 (Clause -16)	Appearance - Gloss Finish	Rating	≥ 3
			Appearance - Other Finishes	Rating	≥ 4
3.5	Dimensional stability at elevated temperatures	EN 438-2:2016 (Clause -17)	Cumulative dimensional change -	Longitudinal %	≤ 0.55 (HGS) / ≤ 0.75 (VGS)
				Transversal %	≤ 1.05 (HGS) / ≤ 1.25 (VGS)
3.6	Resistance to Wet Heat	EN 438-2:2016 (Clause -18)	Appearance - Gloss Finish	Rating	≥ 3
			Appearance - Other Finishes	Rating	≥ 4
3.7	Resistance to impact with Small diameter ball	EN 438-2:2016 (Clause -20)	Spring Force	N	≥ 20 (HGS) / ≥ 15 (VGS)
3.8	Resistance to cracking under stress	EN 438-2:2016 (Clause -23)	Appearance	Rating	≥ 4

3.11	Light fastness (Xenon arc)	EN 438-2:2016 (Clause -27)	Contrast	Grey scale rating	4 to 5
3.12	Density	EN ISO 1183 -1	Density	gm/cm^3	≥ 1.35

Disclaimer

Virgo warrants that its products are free from manufacturing defects and they are fit and Suitable for usual purpose.
The product must be inspected prior to installation and our liability will be limited to the cost of product only.

Maintenance

Clean the surface use a damp cloth and a mild cleaning agent which must not contain any abrasive substances. Stubborn stain e.g glue residues can be carefully removed by using cleaning petrol or nail remover (avoid acetone). To allow liquids to react on the surface for a longer period of time. Don't use thinner on surface metal sheet.

Note

Application images shown in the catalogue are for illustration purpose only, please refer to the actual product sample for colour and finish available. The samples shown here are only indicative of the colour patterns and finishes available.

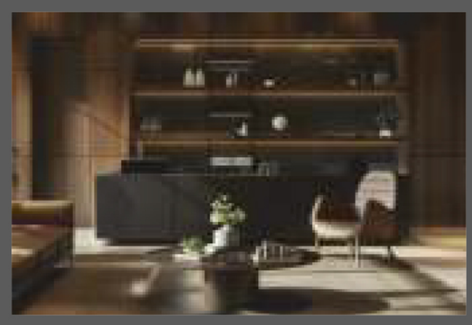
PRODUCT PORTFOLIO

VIRGO LAMINATES

HIGH PRESSURE LAMINATE

Experience the perfect harmony of design and durability with VIRGO laminates, crafted to meet the highest standards of quality and style. These laminates bring your vision to life, offering innovative designs and superior performance for all your interior needs. With an array of colours, patterns, and textures, VIRGO provides the versatility to create stunning and personalized spaces. Impregnated with decorative and kraft papers, VIRGO Laminates upgrade your interior with a seamless blend of aesthetics and practicality.



LAMIFLEX

"Lamiflex" represents a specially formulated grade of laminate possessing the well-established attributes of standard-grade high-pressure laminates. This variant is uniquely capable of being shaped into uncomplicated cylindrical concave or convex curves. The resulting curved surfaces, devoid of discernible seams, often present a more aesthetically pleasing appearance compared to sharp edges found on both internal and external angles. Additionally, these curved surfaces eliminate joints that tend to accumulate dirt and water.

VIRGO COMPACTS

COMPACT

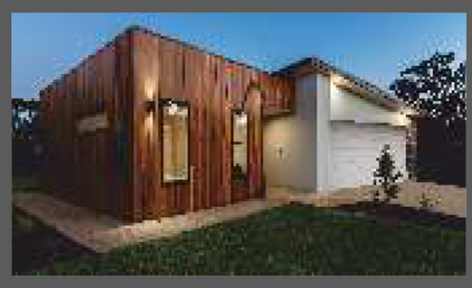
Virgo Compacts are the ultimate choice for surfaces that demand both style and substance. Our compact laminates are crafted by combining decorative paper (melamine resins) and Kraft paper (reinforced with layers of phenolic), which are then fused together using thermosetting resins at a high temperature of 150°C. This rigorous process ensures a durable and versatile product, perfect for high-performance applications. Ideal for retail shops, airports, shopping malls, offices and buildings, healthcare facilities.

CUBICO

Virgo Cubico stands as a leading supplier of advanced washroom and locker solutions, featuring high-performance laminates acknowledged for their durability and adherence to fire safety standards. Our comprehensive product range caters to diverse sectors, including corporate, healthcare, education, and government, enriching facilities with High Pressure Laminates (HPLs) and cubicles that blend aesthetic appeal with water/fire resistance and anti-bacterial properties.

CLADDICE

The use of exterior grade laminate emphasises the balance of durability and aesthetics. Virgo has excelled in this area, solidifying its position as a key player in the laminates industry. Given the dynamic climate and diverse weather conditions, the need for enduring solutions against external elements is paramount. As a solution Virgo Claddice introduces wall claddings engineered to withstand extreme climatic conditions. These claddings not only safeguard exteriors but also deliver exceptional visual appeal.



PRODUCT PORTFOLIO

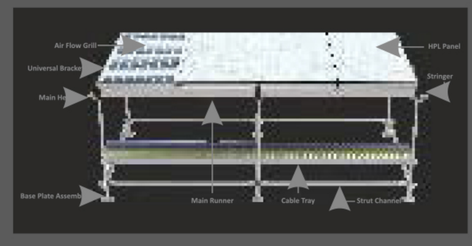
SPECIALITY PRODUCTS

10 NEWTON

This is Virgo's Premium Product with a Unique Surface Texture that has a bold appearance giving a U-m-p-h feeling!! A great Product for all table & kitchen tops. Extremely durable. Use it for Interior and Exterior Furniture and for all demanding environments.

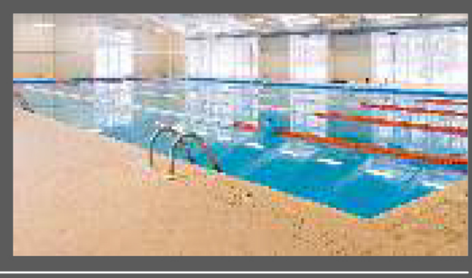
ACCESS FLOORING

Virgo also produces HPL for access flooring in 0.9mm thickness and dimension of 610 x 610mm, meeting grade AC5 or AC6 standards.
Access floor is also called raised flooring. A raised floor is an elevated flooring above the original floor which creates a hidden void between the two floors that is used for the passage of mechanical or electrical services. This type of floor is a modular system where panels can be easily uncovered/covered for organisational and technical changes, without skilled manpower or specialised equipment.



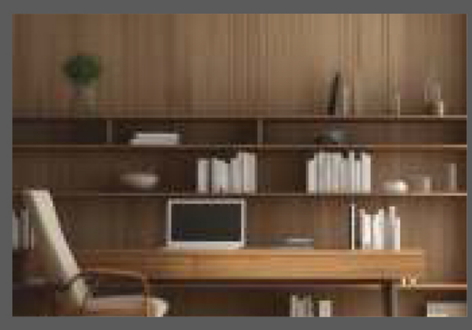
SLIPLESS

The anti-skid texture on the surface is dense and neatly arranged. This texture will not be damaged by heavy object squeezing or scratching by sharp object. Virgo offers a 10 year service life guarantee of the HPL sheet. This is a very durable product having very high wear resistant >2500 cycles



SYNCHRONOUS

Synchronous is an exceptional material meticulously crafted to replicate the appearance and texture of wood veneer with unparalleled realism. Its finely synchronized texture renders it virtually indistinguishable from genuine wood surfaces. The design and pattern of Synchronous closely resembles the natural grain and feel of wood, offering a tactile experience that is highly desirable. This makes it an excellent choice for various applications where the aesthetic appeal of wood is desired, while benefiting from the durability, affordability, and ease of maintenance that Synchronous offers. Be it furniture, cabinetry, or other interior design elements, Synchronous seamlessly provides a convincing wood-like appearance.

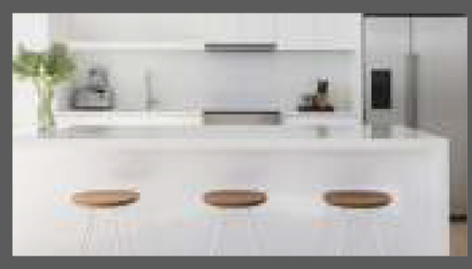


SHINY+

The SHINY+ series encompasses laminates characterised by a resilient high-gloss surface that demonstrates exceptional resistance to micro-scratches and abrasions, thereby preventing mar and scuff marks. Mar resistance denotes the surface's ability to endure permanent deformation and micro-scratches resulting from dynamic mechanical forces. The unparalleled combination of a highly reflective surface and exceptional resistance resistance, ensures easy-to-maintain handling of the laminates.

CORESHADES

CoreShades Laminates present a unique amalgamation of premium decorative laminates and consistent solid colours. Our laminates bring vibrancy and durability to your surfaces, with a wide range of colours and patterns that resist fading and dulling, ensuring your tabletops and countertops remain a stunning focal point in your space for years to come. The sophistication of this design embodies a pinnacle in the realm of laminates.



PRODUCT PORTFOLIO

LABSHIELD

Experience the exceptional properties of Lab Shield, a meticulously engineered laminate treated with Electron Beam curing technology to offer unmatched resilience against harsh chemicals such as acids, alkalis, and reagents. Its remarkable chemical resistance ensures longevity, rendering it suitable for deployment in disposable areas within laboratory settings. With its superb quality and visual appeal, Lab Shield affords the flexibility to adorn spaces with unfettered creativity.

AF+

Anti-fingerprint Laminate represents a harmonious blend of aesthetics and functionality. Its exceptional fingerprint resistance, soft finish, anti-bacterial properties, and innovative technology render it an exemplary choice for individuals seeking both elegance and practicality in their decor surfaces. Applicable in both residential and commercial contexts, these surfaces are engineered to make a lasting impression while upholding the integrity of the space's design.

METADECOR

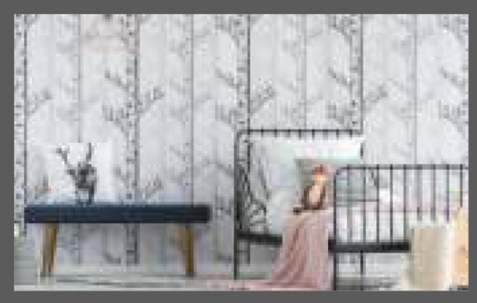
For an ultra-modern touch, these metallic foil laminates are renowned for their lustre and radiance. Meta Decor Laminates are made in the same fashion as standard HPLs. They are hassle-free and dust-repellent solutions.

TABLEAU

Welcome to the realm of TableAu, where the ordinary transforms into the extraordinary. We invite you to explore a world of effortlessly elegant and ready to install worktops that redefine the art of interior design. Meticulously crafted these worktops embody the perfect fusion of form and function. TableAu is not just furniture; it's an embodiment of innovation, style, and functionality.

DIGILAM

Virgo DigiLam offers the opportunity to preserve cherished memories or enhance any wall with a preferred laminate. This versatile solution allows for the personalization of surfaces with the option of extending designs across various surfaces or specific areas. DigiLam presents a wide array of colours, unique designs, textures, and patterns, infusing a personalised touch into your decors. Embrace the creative freedom and customization with Virgo DigiLam.



WRITEMATE

WRITEMATE'S MARKER BOARD offers a superior solution for schools and offices, providing smooth, clean wipe surfaces that erases marker marks without leaving any residue. Our Magnetic Marker laminate are constructed with decorative papers infused with melamine resins for easy marker removal and synthetic polymer for enhanced durability. These laminates ensure effortless cleaning of both dry and wet erase marks.

WRITEMATE'S GREEN CHALK BOARD is designed for effortless erasure of standard writing chalk. The panels are precision-trimmed and sanded on the back to ensure a secure bond. The result is a premium, eco-friendly chalkboard surface with smooth writing experience, that's perfect for schools, offices, and homes.

PRODUCT PORTFOLIO

PERFORMANCE LAMINATES

ESD (ELECTROSTATIC DISSIPATIVE)

Virgo's Electro-Static-Dissipative Laminates are designed to effectively dissipate charges and repel dust particles. The top layer of these laminates showcases superior static charge dissipative properties. Including a special conductive layer, these laminates ensures the secure discharge of static charges when appropriately grounded. This feature serves to minimise damage to sensitive internal circuits and has the potential to contribute around 30% increase in the productivity of electrical devices.

ABIOTIC

Abiotic laminates have been designed to enhance surface performance with exceptional hygiene standards. Through the incorporation of specialized additives, these laminates effectively inhibit the growth and proliferation of bacteria by 99.99% within a 24-hour time frame. Additionally, these surfaces demonstrate uniformity and non-porous qualities, thereby showcasing outstanding performance and hygiene.

FIRE RETARDANT

Classification as per **EN13501-1** a European standard that classifies the fire performance of construction product and building elements. We can assess how material reacts to fire, including their ignitability, flame spread and heat release.
Virgo FR-grade products meet **Class B-s1,d0** (Class B for fire resistance, S1 for low smoke level, d0 for flame droplets) & **ASTM - E 84 -**Virgo FR grade product meets class 1/A.
